COMMUNITY CHURCH

410-992-5832

What began as a compelling vision for courageous leadership in the local church has caught fire and spread to God-honoring leaders around the world, hungry to be developed and challenged. August 6-7, 2009, leaders in over 140 locations across North America, will join together live via satellite to stretch their thinking and connect with other local influencers, all for the sake of their communities.
